Please Read Carefully

These Terms & Conditions ("Terms") govern your access to and use of FIWB AI. By creating an account or using the platform, you agree to be bound by these Terms. If you do not agree, do not use FIWB AI. These Terms form a legally binding agreement between you and SIOWA.

1. About FIWB AI

FIWB AI is a personalized academic intelligence platform that integrates with your institutional accounts (Google Classroom, Gmail, Google Drive, Moodle) to build a context-aware "Digital Twin" — an evolving AI understanding of your academic profile. The platform uses this context to provide tutoring, study assistance, and academically relevant information.

FIWB AI is operated by SIOWA, an independent product team. We are not affiliated with, endorsed by, or acting on behalf of any university, college, or educational institution. Any institutional data accessed through the platform is done so solely at your direction and under your credentials.

2. Eligibility and Account Registration

You must be at least 18 years of age to use FIWB AI. By creating an account, you confirm that you meet this requirement. If you are under 18, you may not use the platform.

2.2 Account Accuracy

You agree to provide accurate, current, and complete information when registering. You are responsible for maintaining the confidentiality of your login credentials and for all activity that occurs under your account.

2.3 One Account Per User

Each user may maintain only one account. Creating duplicate or false accounts is prohibited and may result in immediate termination of all associated accounts.

2.4 Institutional Credentials

When you connect third-party services such as Google Classroom or Moodle, you do so using your own institutional credentials. You are solely responsible for ensuring that your use of those credentials complies with your institution's acceptable use policies. FIWB AI is not responsible for any consequences arising from your institution's access policies.

Using AI-generated responses to complete graded assessments, examinations, or assignments without proper disclosure may violate your institution's academic integrity policy. SIOWA is not liable for any academic consequences arising from your use of the platform. Use responsibly.

4. Free Tier, Paid Subscriptions, and Advertising

4.1 Free Tier

FIWB AI offers a free tier that provides access to all core features. Free-tier users will be shown in-platform advertisements. As disclosed in our Privacy Policy, advertisements on the free tier may be personalized based on aggregated academic interest signals derived from your interactions with the platform.

4.2 Paid (Ad-Free) Subscription

Users who subscribe to a paid plan will not be shown advertisements, and their interaction data will not be used for ad personalization. Subscription pricing, billing cycles, and features will be communicated at the point of upgrade. We reserve the right to change subscription pricing with reasonable advance notice.

4.3 Advertising Standards

All advertisements served through FIWB AI must comply with applicable advertising standards. We do not serve ads for adult content, gambling, harmful substances, or content otherwise inappropriate for a student audience. We reserve the right to reject or remove any advertisement at our sole discretion.

4.4 Opt-Out

Free-tier users may opt out of personalized advertising at any time via Settings > Privacy > Personalized Ads. Opting out does not remove ads but replaces personalized ads with generic ones. Opting out does not affect access to any core platform features.

7. Disclaimers and Limitation of Liability
